

PORTAL GUIDE

The Program Administrator Guide

Running chapter operations across the whole organization:
applicants, families, tutors, events, and volunteer hours.

PROGRAM ADMINISTRATORS · [THERESONANCEFOUNDATION.ORG](https://theresonancefoundation.org)

01

YOUR ROLE

What You Do Here

Program administrators are the operations engine of the Foundation. Where a chapter president runs one chapter, you keep every chapter running.

Your sidebar has three working sections. **Review** holds the people pipeline: Families, Applicants, Tutors, and Volunteers. **Administration** holds the machinery: Tutor Assignments, Publish Announcements, Chapter Docs, Volunteer Approvals, and Roles. The small number badges are pending work waiting for you; when a badge clears, that queue is empty.

YOUR BOUNDARIES

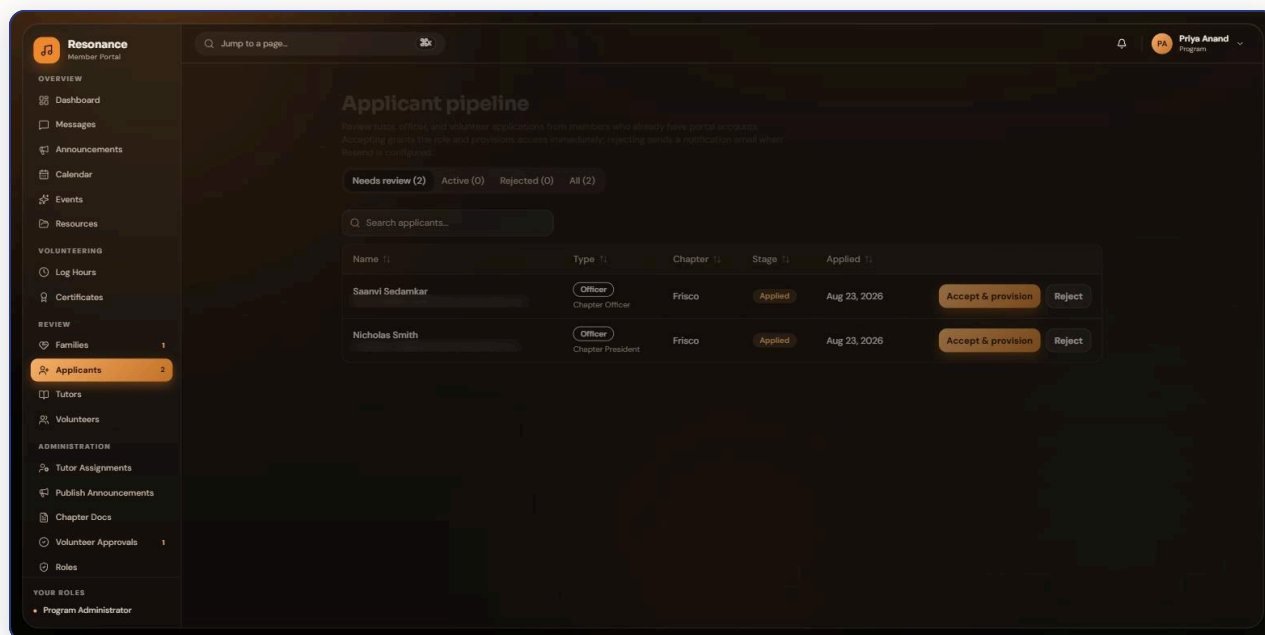

Donations, corporate level audit records, and every corporate appointment belong to the Board. You cannot appoint or remove chapter presidents, corporate officers, or board members, you cannot remove any officer, and you cannot approve organization level volunteer hours. Everything else across the chapters is yours.

Applicants and Families

New people arrive through two doors: staff applications and family signups. Both wait for your review.

Reviewing applicants

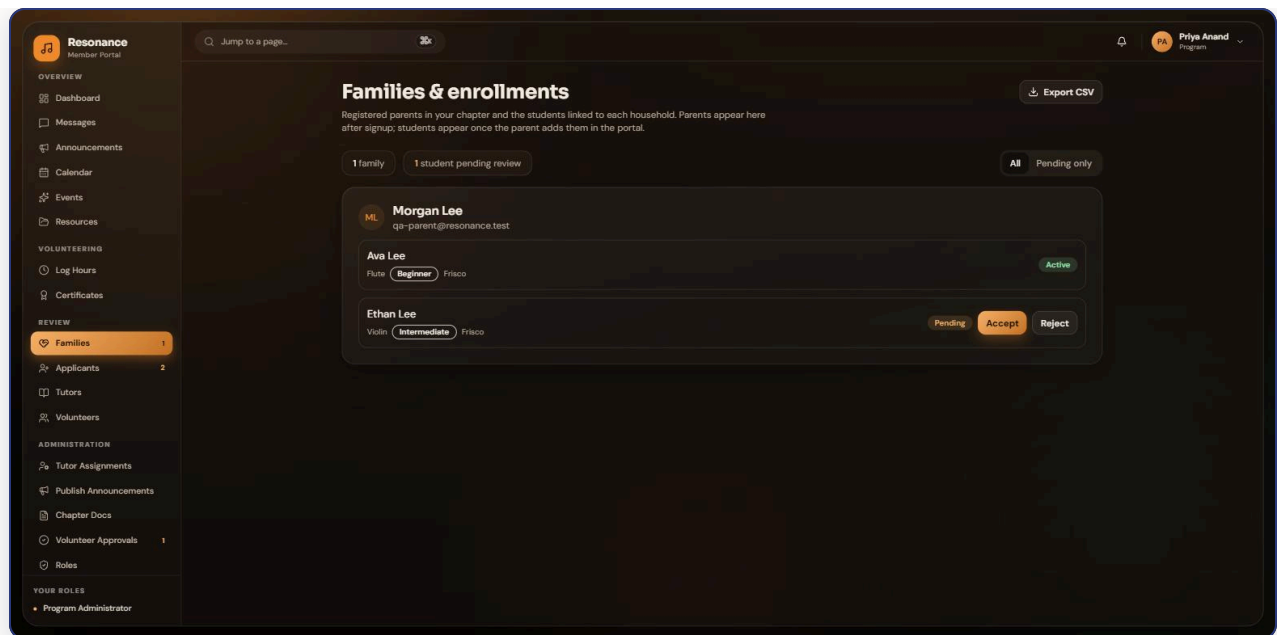

The **Applicants** page lists tutor, officer, and volunteer applications from every chapter, filtered by stage. Open one to see the whole application, then choose **Accept & provision** or **Reject**. Accepting grants the role immediately and emails the applicant the good news. Try to answer every application within a few days.

THE APPLICANT PIPELINE, WITH ONE CLICK ACCEPT AND PROVISION

Approving students

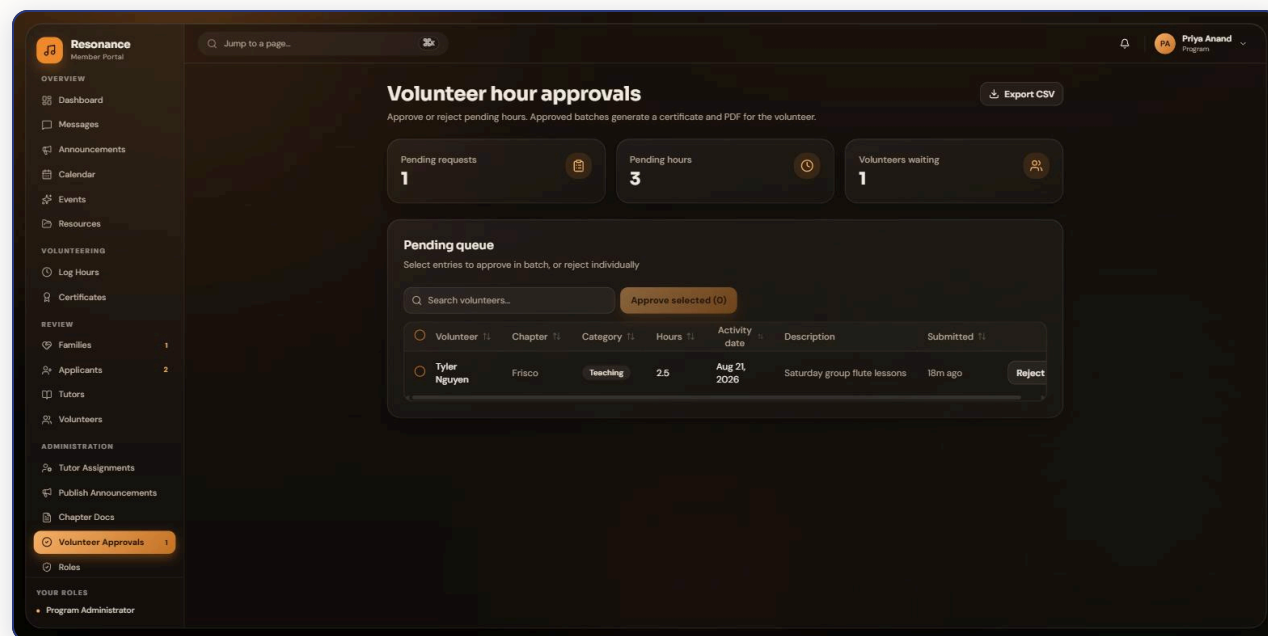

The **Families** page shows every registered household and their students. New students start pending; approving one unlocks lesson requests for that family. The Export CSV button gives you the full roster as a spreadsheet whenever you need it.

FAMILIES AND ENROLLMENTS. ACCEPT OR REJECT PENDING STUDENTS INLINE

Volunteer Hours

Tutors and chapter members log service hours. You are one of the people who turns those pending entries into signed certificates.

THE PENDING QUEUE: APPROVE IN BATCHES OR REJECT WITH A REASON

- 1 Open **Volunteer Approvals**. The queue shows every pending chapter level entry across the organization.
- 2 Check the hours, date, and description. Select the entries that look right.
- 3 Click **Approve selected**. The portal issues an official certificate PDF to the volunteer automatically, signed with your name and title.
- 4 If something is off, use **Reject** and write a short reason. The member is notified and can log a corrected entry.

SCOPE

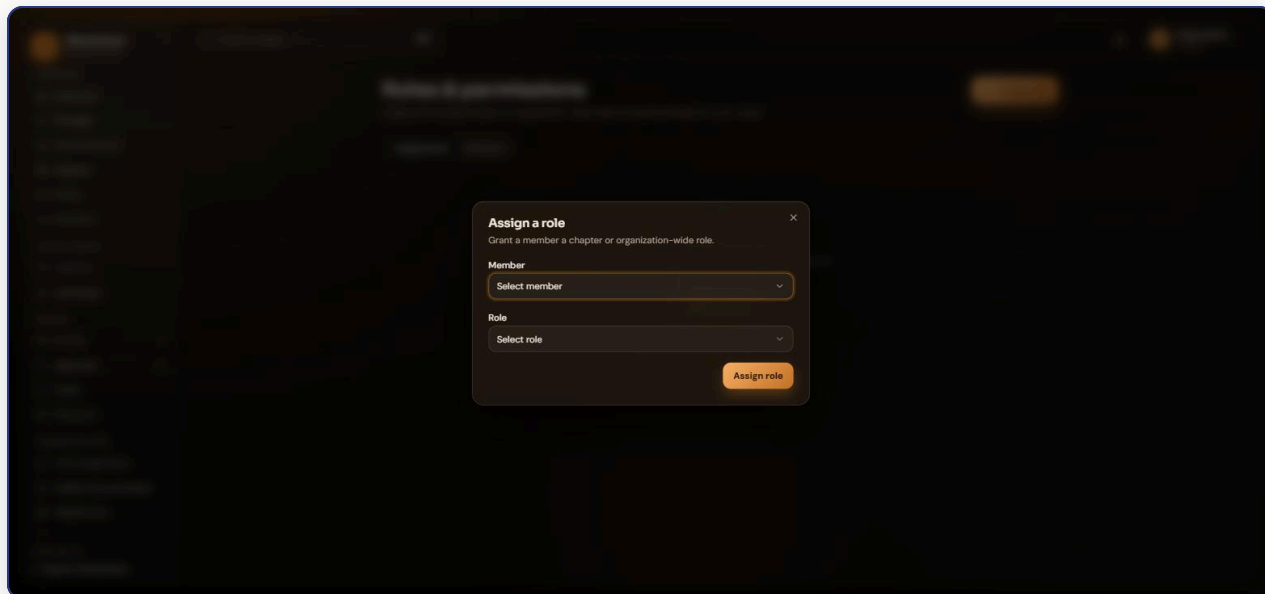

You approve chapter level hours in any chapter. Organization level (corporate) hours are reviewed by the Board only, so they never appear in your queue. You also cannot approve hours you logged yourself.

04

ACCESS CONTROL

Granting Roles

The **Roles** page is where members get their access. Pick a member, pick a role, pick a chapter when the role needs one, and assign.

THE ASSIGN ROLE DIALOG. IT ONLY OFFERS ROLES YOU ARE ALLOWED TO GRANT

You can grant **parent**, **tutor**, **volunteer**, and **chapter officer** roles, and you can remove parents, tutors, and volunteers. The dialog never shows you a role you cannot grant, so there is no way to overstep by accident. Every change is written to the audit log.

Everything else you run

- **Tutor Assignments** pairs tutors with students in any chapter. Match instrument, level, and schedule.
- **Publish Announcements** posts chapter or organization wide news; members also get it by email.
- **Chapter Docs** holds each chapter's internal documents.
- **Events** lets you create and manage both chapter and organization wide events.
- **Audit logs** show you the chapter level record of sensitive actions.

Quick reference

YOU CAN	YOU CANNOT
Manage applicants, families, tutors, and assignments in every chapter	View or record donations (board only)
Approve chapter level volunteer hours anywhere	Approve corporate level hours (board only)
Grant parent, tutor, volunteer, and chapter officer roles	Appoint presidents, corporate officers, or board members
Remove parents, tutors, and volunteers	Remove any officer of any kind (board only)
Publish announcements, manage docs, events, and exports	See corporate level audit entries
